October 1, 2017 Update;

To All my Brothers and Sisters in Christ;

It sure has been a long 10 months. I went to Liberia in December 11, 2016, expecting to stay 6 months, to witness 1,000's of Salvations like many, many times before but God had a different plan, yes the souls were saved but without me. I was hurting so bad, my people took me to three Hospitals in Monrovia on Christmas Day, all closed, each one told us to reprogram my hurt switch, come back in three days. Ha. This Sciatic Nerve problem started on my left side, I was hurting so bad. I hurt no matter which way I set or Lay, 13 days past without any sleep, no pain pills, getting worse every day. I called Jerry the Secretary of the HCMM; she made flight arrangements for me to fly back to the States hoping to be operated on soon. As time passed, the pain switched to my right side, my left leg became 30% dead and number, and my right leg became 75% dead and num. I couldn't walk without falling, even when using a walker. Test after Test, month after month, 4- CATSCAN's, 2- EMG's, 1- MYELOGRAM and many other tests. Hospital after Hospital, we traveled four round trips to Okla. City, traveled over 7000 miles between Lubbock, Amarillo, Albuquerque plus 4 trips to Okla. City. Finally on September 11, 2017, I had a 4 ½ hour operation at Laser Spine in Okla. City. I know it will take another year for my muscle strength to grow back like before. However God is in control and He knows all. Please pray for me. Thank God our Ministry has continued without me, the ministry movie crew just got back from far back in the jungle from their 6th Mission Trip this year, 2017 without me. With God leading the way, the following has come to pass. Our crew showed the movie 90 times as shown in the following pages.

I am very sorry I haven't kept you all updated on the success of this Ministry. It's hard to understand and believe what all that has happened the last 12 years, God has blessed this Ministry so much. Always donations continued to come. The Ministry continued to grow. We have a Compound in the City of Monrovia, Liberia, with a 10' cement fence with prison wire on top with 16' double steel front gates. We have five families, ministry employees living inside. We have built a 76' x 75' Chapel inside Compound that seats 200 plus people where our Asst. Manager shows free Bible movies 3-5 nights each week. We have 75 plus Bible movies such as Abraham, Moses, Esther, Samson, etc. to show. This is what we do in the City of Monrovia, Liberia. We teach the Bible to all with Movies with no Alter calls. Our main job is to go 300-400 miles back into the jungle to show only one movie, "The Passion of The Christ" where we have three Alter calls each night for New Salvations, Rededications and Children Salvations 4 - 12 years old. All walk to come, sit on the ground to watch Movie. An approximate minimum of 800 to 4000 come each night. Attached you will see six Mission Trips this year, the Ministry Pastors and crew were blessed to show the movie 90 times this year, 2017 trying hard to show 100 times.

New Chapel we built in 2016 with 2 left and right rolling front doors, 16' wide x 8' tall.

The ministry vehicles are ready to go hundreds of miles back into the jungle to save lost souls for our Lord. Sounds easy, we have shown the movie "The Passion of The Christ" 590 times never in the same area location for 10 years.

The last 12 years we have shipped 14 - 40' ocean shipping 14 vehicles, 224,000 plus pcs. Clothing, 28,000 pairs shoes,

A small village town where we will show 65,000 plus color & copy books, Crayola's, pencils, etc.

Setting on pallets are some of the approximate 100,000 Bibles we shipped and have given to the New Adult Salvations in Liberia, West Africa the last 12 years.

Local Free Laundromat down at one of the creeks, think about it, a whole life time without electricity, no running water, no inside toilets, no Government assistance. We are blessed !
